SUMMARY OF QUALIFICATIONS

Passionate React and React Native Developer with 2+ years of experience in transforming ideas into impactful digital products. Skilled in building high-performing web and mobile applications, I excel in creating user experiences that captivate and drive business growth. With a strong attention to detail and a commitment to staying current with technology trends, I thrive in collaborative environments where I can apply my expertise in front-end development, UI/UX design, and problem-solving to deliver exceptional results.

KEY COMPETENCIES

- JavaScript (ES6+)
- React (Hooks, Context)
- State Management (Redux, MobX)
- MongoDB
- Version Control (Git, GitHub)
- CSS (GlueStackUI, MaterialUI)
- Tanstack Query
- APIs (RESTful)
- TypeScript
- Firebase
- Node.js

PROFESSIONAL EXPERIENCE

JLCoders | React Native - MERN stack
Oct 2023 - Jun 2024
React Native developer

As a React Native developer with the MERN stack, I collaborated with a team to build an administrative app for a mechanical workshop.
- Developed fully functional React Native components with TypeScript
- Collaborated on an administrative app for a mechanical workshop using the MERN stack
- Redesigned UI for simplicity and usability with Gluestack
- Built worker profile management with add, update, delete, and search features
- Implemented advanced task finder with search by name, date, and results display

OdlaMer | React Native - Expo CLI - Firebase
Sep 2022 - Sep 2023
React Native Front-End developer

Achieved improved design and feature implementation.
- Successfully integrated third-party APIs including Giphy API and DeepL API, enriching user interactions with dynamic content and multilingual capabilities.
- Innovated by implementing GIFs and images within post comments.
- Contributed to building the onboarding UI, streamlining user adoption, and implemented OAuth 2.0 for swift and secure user logins through Google and Apple,
- React Native, Javascript ES6+, TypeScript, Redux, Firebase, Giphy API, Git, npm, Expo, React Navigation

Scania IT | IT-support technician
Sep 2018 - Jul 2021
- Managed incidents and supported end-users with IT requests using BMC Remedy, ServiceNow, and remote tools like TeamViewer and RDP.
- Provided basic Office 365 support and handled user administration in Active Directory, using various tools including PowerShell and Citrix.
