WORK EXPERIENCE

React Native Full Stack

OdlaMer | Sep 2022 - Aug 2023 (solid year experience)

- Developed and deployed cross-platform mobile applications using React Native, achieving reducing load times by 20%-40%.
- Implemented state management solutions such as Redux to efficiently manage application state and ensure scalability.
- Optimized application performance by identifying and resolving bottlenecks through performance profiling and code optimization techniques.
- Successfully integrated third-party APIs and libraries to extend application functionalities and enhance user experience.
- Stayed updated with the latest trends and best practices in React Native development, continually enhancing skills and adopting new technologies to drive innovation.
